EDUCATION

KL University, Hyderabad (8.9 CGPA)

Bachelor of Technology in Computer Science

July 2022 - May 2026

Hyderabad, Telangana

PROJECTS

Online Voting System

Spring Boot, MySQL, REST API

- Built a secure online voting platform with Spring Boot, MySQL, and REST APIs, implementing JWT authentication, password encryption, and role-based access
- Designed CRUD operations for voters/candidates, result display and following MVC architecture.

Notes App

Typescript, Node.js, MongoDB, Javascript, tailwind css

- Developed a MERN-based Notes App with MongoDB, Express.js, React, and Node.js, featuring CRUD functionality and user authentication, with modular, reusable components and exception handling for robust performance.
- Created a responsive React UI with RESTful backend APIs and integrated MongoDB for persistent note storage and scalable file structure.

E-Library Management Web Application

Spring Boot, HTML/CSS, Thymeleaf, MySQL

- Developed an intuitive e-library platform with Spring Boot, enabling users to view, add, and manage books through a clean, responsive UI.
- Implemented features for users to browse available books, while librarians can add or delete books from the collection.

TECHNICAL SKILLS

Programming Languages: Java, Python, C

Backend Development: Spring Boot, Node.js (with focus on modular design, reusability, and exception handling)

Frontend Development: HTML, CSS, React JS, JavaScript

Database Management: MySQL, MongoDB

Integration and API Concepts: REST APIs, XML

Tools: Git, GitHub, Postman

Testing & Best Practices: Unit testing, code reusability, exception handling

Concepts: Data Structures & Algorithms (DSA), Object-Oriented Programming (OOP), High-Level System Design (HLD)

CERTIFICATES

- **Red Hat Certified Enterprise Application Developer**

[View Certificate](#)

- **Certified Advanced Automation Professional by Automation Anywhere**

[View Certificate](#)

ACHIEVEMENTS & ACTIVITIES

- Finalist, ImpacTech 2023 Hackathon – Developed an agriculture prototype applying reusable software design practices.
- Contributed to Village Development & Awareness Project, KL University – Built a digital prototype for rural development.
